## "Great Days Ahead" Program To help those working with children with ADHD

**PROGRAM DESCRIPTION:** This 3-day workshop consists of 24 hours of active training sessions led by a professional instructor. Participants are taught how to conduct a class to help parents of children with Attention Deficit Hyperactive Disorder encourage children's positive behaviors, discourage negative behaviors, and teach alternatives to problem behaviors.

**GOAL:** To provide training, support and education to professionals working with parents of children with ADHD.

**FOR:** Professional parenting educators such as teachers, child care workers, psychologists, and parents

**WHEN:** November 20, 21 and 22

**WHERE:** St. Dominic's Children's Home campus,  
34b Belmont Circular Road, Belmont

**COST:** 2075 TTD, includes lunch and training materials

**JOIN US!** Sign up by calling 734-7620 or email  
institute franciscan@gmail.com.

- This workshop incorporates training techniques, proactive strategies and a positive parenting approach to encourage cooperation and collaboration efforts at home and in school. Professionals will work together to develop awareness and find solutions to enhance the lives of the families they work with that face the daily challenges of ADHD.
